

## Week of July 9, 2017

### MANATEE COUNTY

**State Roadways in Manatee and Sarasota counties:** Maintenance contracts project: Crews are trimming trees over the roads and sidewalk on all state roads in Manatee and Sarasota counties. Expect possible daytime lane closures from 9 a.m. to 4 p.m. through Friday, July 21<sup>st</sup>. Use caution and expect possible delays.

**I-275 over the Terra Ceia River:** Bridge maintenance project: Crews are working on the bridge. Expect nighttime/overnight northbound lane closures from 9 p.m. each night to 5 a.m. each morning Monday, July 10 and Tuesday, July 11. Use caution and expect possible delays.

**I-275 over Bayshore Road:** Bridge maintenance project: Crews are working on the bridge. Expect nighttime/overnight northbound lane closures from 9 p.m. each night to 5 a.m. each morning Wednesday, July 12 and Thursday, July 13. Use caution and expect possible delays.

**I-75 (SR 93) / University Parkway Diverging Diamond Interchange (DDI)  
(Sarasota/Bradenton):** Construction Project:

**Detours – Multiple Temporary Detours are in place at the I-75/University Parkway Interchange on Sunday, July 9. Details Below:**

**Eastbound and Westbound University Parkway CLOSED West of I-75**

**I-75 Southbound Off-Ramp leading to Eastbound University CLOSED**

**I-75 Northbound Off-Ramp leading to Westbound University CLOSED**

**I-75 Northbound On-Ramp from Eastbound University Parkway CLOSED**

**Sunday, July 9. Details below:**

The contractor anticipates implementing temporary detour routes at the I-75/University Parkway interchange at night/overnight Sunday, July 9 between 10 p.m. and 6 a.m. while crews pave the lanes.

Motorists traveling east on University Parkway (west of I-75) wishing to travel east through the interchange are directed to travel south on I-75, exit at Fruitville Road/Exit 210, enter northbound I-75, and exit at University Parkway/Exit 213 and travel east.

Motorists traveling west on University Parkway (east of I-75) wishing to travel west through the interchange are directed to travel north on I-75, exit at westbound SR 70/Exit 217B, enter southbound I-75, and exit at University Parkway/Exit 213 and travel west.

Motorists traveling north on I-75 wishing to travel west on University Parkway are directed to exit at westbound SR 70/Exit 217B (north of the closure), enter southbound I-75, and exit at University Parkway/Exit 213.

Motorists traveling south on I-75 wishing to travel east on University Parkway are directed continue south on I-75, exit at Fruitville Road/Exit 210, travel east and enter northbound I-75, and exit at University Parkway/Exit 213 and travel east.

Motorists traveling north on I-75 wishing to travel west on University Parkway, Exit 213 are directed to continue north on I-75, exit at westbound SR 70/Exit 217B, enter southbound I-75, and exit at University Parkway/Exit 213 and travel west.

Motorists traveling east on University Parkway wishing to travel north on I-75 are directed to enter southbound I-75, exit at Fruitville Road/Exit 210, travel east and enter northbound I-75 and continue north on I-75.

**Detours – Multiple Temporary Detours are in place at the I-75/University Parkway Interchange on Monday, July 10. Details Below:**

**Eastbound and Westbound University Parkway CLOSED East of I-75**

**I-75 Southbound Off-Ramp leading to Eastbound University CLOSED**

**I-75 Northbound Off-Ramp CLOSED**

**Monday, July 10. Details below:**

The contractor anticipates implementing temporary detour routes at the I-75/University Parkway interchange at night/overnight Monday, July 10 between 10 p.m. and 6 a.m. while crews pave the lanes.

Motorists traveling east on University Parkway (west of I-75) wishing to travel east through the interchange are directed to travel south on I-75, exit at Fruitville Road/Exit 210, enter northbound I-75, and exit at SR 70/Exit 217A (north of University Parkway/Exit 213), travel east to Lakewood Ranch Blvd., and travel south to University Parkway.

Motorists traveling west on University Parkway (east of I-75) wishing to travel west through the interchange are directed to travel north on I-75, exit at westbound SR 70/Exit 217B, enter southbound I-75, and exit at University Parkway/Exit 213, and travel west.

Motorists traveling east on University Parkway (west of I-75) wishing to travel south on I-75 are directed to travel north on I-75 and exit at westbound SR 70/Exit 217B, enter southbound I-75 and continue south on I-75.

Motorists traveling south on I-75 wishing to travel east on University Parkway are directed to exit at eastbound SR 70/Exit 217A (north of University Parkway/Exit 213), travel east to Lakewood Ranch Blvd., and travel south to University Parkway.

Motorists traveling north on I-75 wishing to travel east on University Parkway are directed to exit at eastbound SR 70/Exit 217A (north of University Parkway/Exit 213), travel east to Lakewood Ranch Blvd., and travel south to University Parkway.

Motorists traveling north on I-75 wishing to travel west on University Parkway are directed to exit at westbound SR 70/Exit 217B (north of University Parkway/Exit 213), travel west enter southbound I-75, and exit at University Parkway/Exit 213.

**Detours – Multiple Temporary Detours are in place at the I-75/University Parkway Interchange on Tuesday, July 11. Details Below:**

**Eastbound and Westbound University Parkway CLOSED East of I-75**

**I-75 Southbound Off-Ramp to Eastbound University Parkway CLOSED**

**I-75 Northbound Off-Ramp to Westbound University Parkway CLOSED**

**I-75 Northbound On-Ramp from Eastbound University Parkway CLOSED**

## **I-75 Southbound On-Ramp from Westbound University Parkway CLOSED**

### **Tuesday, July 11. Details below:**

The contractor anticipates implementing temporary detour routes at the I-75/University Parkway interchange at night/overnight Tuesday, July 11 between 10 p.m. and 6 a.m. while crews pave the lanes.

Motorists traveling east on University Parkway (west of I-75) wishing to travel east through the interchange are directed to travel south on I-75, exit at Fruitville Road/Exit 210, enter northbound I-75, exit at University Parkway, and travel east.

Motorists traveling east on University Parkway (west of I-75) wishing to travel north on I-75 are directed to travel south on I-75 and exit at Fruitville Road, travel east, enter northbound I-75, and continue north on I-75.

Motorists traveling west on University Parkway (east of I-75) wishing to travel west through the interchange are directed to travel north on I-75, exit at westbound SR 70/Exit 217B, enter southbound I-75, and exit at University Parkway/Exit 213, and travel west.

Motorists traveling west on University Parkway (east of I-75) wishing to travel south on I-75, are directed to travel north on I-75, exit at westbound SR 70/Exit 217B, enter southbound I-75, and continue south.

Motorists traveling north on I-75 wishing to travel west on University Parkway are directed to exit at Fruitville Road/Exit 210, (south of University Parkway/Exit 213) travel west to Cattlemen Road, and travel north on Cattlemen Road to University Parkway.

Motorists traveling south on I-75 wishing to travel east on University Parkway are directed to exit at eastbound SR 70/Exit 217A (north of University Parkway/Exit 213), travel east to Lakewood Ranch Blvd., and travel south to University Parkway.

### **Detours – Multiple Temporary Detours are in place at the I-75/University Parkway Interchange on Wednesday, July 12. Details Below:**

## **Eastbound and Westbound University Parkway CLOSED West of I-75**

**I-75 Northbound Off-Ramp leading to Westbound University CLOSED**

**I-75 Southbound Off-Ramp leading to Westbound University CLOSED**

**Wednesday, July 12. Details below:**

The contractor anticipates implementing temporary detour routes at the I-75/University Parkway interchange at night/overnight Wednesday, July 12 between 10 p.m. and 6 a.m. while crews install the overhead truss and pave the lanes on University Parkway.

Motorists traveling east on University Parkway (west of I-75) wishing to travel east through the interchange are directed to travel south on I-75, exit at Fruitville Road/Exit 210, enter northbound I-75, and exit at University Parkway/Exit 213 and travel east.

Motorists traveling west on University Parkway (east of I-75) wishing to travel west through the interchange are directed to travel north on I-75, exit at westbound SR 70/Exit 217B, enter southbound I-75, and exit at Fruitville Road/Exit 210, (south of University Parkway/Exit 213) travel west to Cattlemen Road, and travel north to University Parkway.

Motorists traveling north on I-75 wishing to travel west on University Parkway are directed to exit at Fruitville Road/Exit 210, (south of University Parkway/Exit 213) travel west to Cattlemen Road, and travel north on Cattlemen Road to University Parkway.

Motorists traveling south on I-75 wishing to travel east on University Parkway are directed to exit at eastbound SR 70/Exit 217A (north of University Parkway/Exit 213), travel east to Lakewood Ranch Blvd., and travel south to University Parkway.

Motorists traveling south on I-75 wishing to travel west on University Parkway are directed to exit at Fruitville Road/Exit 210 (south of University Parkway/Exit 213), travel west to Cattlemen Road, travel north on Cattlemen Road to University Parkway.

Temporary intermittent single and double lane closures are in place at night/overnight on northbound and southbound I-75 Sunday, July 9 through Saturday, July 15 between 8 p.m. and 7 a.m. the following morning. Double lane closures begin at 11 p.m. **Watch for shifts in traffic on northbound and southbound I-75 and the on and off-ramps at I-75/University Parkway Interchange.**

Temporary intermittent single and double lane closures are in place at night/overnight on eastbound and westbound University Parkway from Cooper Creek Blvd. to Market Street Sunday, July 9 through Saturday, July 15 from 9 p.m. to 7 a.m. the following morning. Double lane closures begin at 10 p.m.

The contractor is completing drainage work, excavating earth material, paving and striping, constructing sidewalk and curb & gutter, working on signalization, installing overhead truss and signage placing sod, and constructing the pedestrian median. **Watch for trucks entering and leaving the highway and uneven pavement. Speeding fines double when workers are present.**

Improvements being made as part of this project consist of constructing a diverging diamond interchange, adding an auxiliary lane on northbound and southbound I-75, constructing new bridges on I-75 over University Parkway, widening of University Parkway, widening of I-75 bridges over Errie Creek and Foley Creek, realignment of on-ramps and off-ramps at I-75/University Parkway, addition of ponds, drainage improvements, new lighting and signalization, construction of a noise wall on the west side of I-75, sidewalks, bike lanes, and pedestrian walkways. Expected completion is fall 2017. The contractor is Prince Contracting, LLC. For additional information, please visit the project website at <http://www.swflroads.com/i75/university/>

**I-75 from Moccasin Wallow Road to the Hillsborough County Line:** Construction project: Crews are resurfacing I-75, making drainage improvements, installing guardrail, and adding new signage and pavement markings. The pavement along Moccasin Wallow Road at the I-75 interchange is also being reconstructed. Expect nighttime/overnight lane closures while crews are working. AJAX Paving Industries of Florida, LLC, is the contractor. Expected completion is summer 2018.

**I-75 at SR 64/Manatee Avenue Interchange:** Construction project: This project reconstructs the interchange, widens interchange ramps and SR 64, and installs sidewalks and bicycle lanes on SR 64. This week, crews will continue building a temporary ramp for northbound Interstate 75 to westbound SR 64 traffic, perform site excavations, install signage, and resurfacing on SR 64.

- **Motorists should expect lane closures on I-75 during nighttime/overnight hours from 8 p.m. to 5 a.m. through the duration of the construction.**
- **Lanes on SR 64 eastbound will be closed from 8 p.m. to 5 a.m. for resurfacing work on Tuesday, July 11, Wednesday, July 12, Thursday, July 13, and Friday, July 14.**

Variable message signs will be in place to alert drivers that work is underway. Drivers should use caution while traveling in this area. Estimated completion is late of 2019. The contractor is Prince Contracting LLC.

**US 301 at the Hernando Desoto Bridge:** Construction project: Crews are installing pile jackets, making concrete repairs and repairing the bridge fender system. Expect nighttime/overnight lane closures from 8 p.m. to 6 a.m. while crews are working. Portions of Riverwalk along the seawall will be closed from early May through the end of August while crews are working on the seawall. Inland Construction and Engineering, Inc., is the contractor. Expected completion is fall 2017.

**SR 789/Gulf Drive from SR 64/Manatee Avenue to SR 684/Cortez Road:** Maintenance permit project: Manatee County is installing new force mains and water mains. For additional information about the project, please visit the project website at [www.amipipereplacement.com](http://www.amipipereplacement.com).

**SR 70 from 301 Boulevard to Tara Boulevard:** Construction project: Crews are resurfacing the roadway and making signal upgrades. Expect daytime and/or nighttime/overnight lane closures while crews are working. Expected completion is late summer 2017. The contractor is Superior Asphalt, Inc.

**SR 70 at Greenbrook Boulevard West:** Construction project: Crews are installing a new traffic signal, crosswalks with pedestrian signals, and street lighting at the intersection. This week, crews will be working on installing overhead street sign, punch list items, and site cleanup. Expected completion is summer 2017. Ajax Paving Industries of Florida, LLC is the contractor.

## SARASOTA COUNTY

**State Roadways in Manatee and Sarasota counties:** Maintenance contracts project: Crews are trimming trees over the roads and sidewalk on all state roads in Manatee and Sarasota counties. Expect possible daytime lane closures from 9 a.m. to 4 p.m. through Friday, July 21<sup>st</sup>. Use caution and expect possible delays.

**County Road 765/Jacaranda Boulevard and County Road 772/East Venice Avenue Roundabout:** Construction project: This project is to perform improvements to the roundabout at the County Road 765/Jacaranda Boulevard and County Road 772/East Venice Avenue intersection; including realigning of lanes, adjusting turning curves, and installing new pavement markings and signage. This week, crews will work on final punch list items and site cleanup. Variable message signs will be in place to alert drivers that work is underway. Drivers should use caution while traveling in the work zone. Estimated completion is summer 2017. Ajax Paving Industries of Florida, LLC is the contractor.

**I-75 (SR 93) / University Parkway Diverging Diamond Interchange (DDI) (Sarasota/Bradenton):** Construction Project:

**Detours – Multiple Temporary Detours are in place at the I-75/University Parkway Interchange on Sunday, July 9. Details Below:**

**Eastbound and Westbound University Parkway CLOSED West of I-75**

**I-75 Southbound Off-Ramp leading to Eastbound University CLOSED**

**I-75 Northbound Off-Ramp leading to Westbound University CLOSED**

**I-75 Northbound On-Ramp from Eastbound University Parkway CLOSED**

**Sunday, July 9. Details below:**

The contractor anticipates implementing temporary detour routes at the I-75/University Parkway interchange at night/overnight Sunday, July 9 between 10 p.m. and 6 a.m. while crews pave the lanes.

Motorists traveling east on University Parkway (west of I-75) wishing to travel east through the interchange are directed to travel south on I-75, exit at Fruitville Road/Exit 210, enter northbound I-75, and exit at University Parkway/Exit 213 and travel east.

Motorists traveling west on University Parkway (east of I-75) wishing to travel west through the interchange are directed to travel north on I-75, exit at westbound SR 70/Exit 217B, enter southbound I-75, and exit at University Parkway/Exit 213 and travel west.

Motorists traveling north on I-75 wishing to travel west on University Parkway are directed to exit at westbound SR 70/Exit 217B (north of the closure), enter southbound I-75, and exit at University Parkway/Exit 213

Motorists traveling south on I-75 wishing to travel east on University Parkway are directed continue south on I-75, exit at Fruitville Road/Exit 210, travel east and enter northbound I-75, and exit at University Parkway/Exit 213 and travel east.

Motorists traveling north on I-75 wishing to travel west on University Parkway, Exit 213 are directed to continue north on I-75, exit at westbound SR 70/Exit 217B, enter southbound I-75, and exit at University Parkway/Exit 213 and travel west.

Motorists traveling east on University Parkway wishing to travel north on I-75 are directed to enter southbound I-75, exit at Fruitville Road/Exit 210, travel east and enter northbound I-75 and continue north on I-75.

**Detours – Multiple Temporary Detours are in place at the I-75/University Parkway Interchange on Monday, July 10. Details Below:**

**Eastbound and Westbound University Parkway CLOSED East of I-75**

**I-75 Southbound Off-Ramp leading to Eastbound University CLOSED**

**I-75 Northbound Off-Ramp CLOSED**

**Monday, July 10. Details below:**

The contractor anticipates implementing temporary detour routes at the I-75/University Parkway interchange at night/overnight Monday, July 10 between 10 p.m. and 6 a.m. while crews pave the lanes.

Motorists traveling east on University Parkway (west of I-75) wishing to travel east through the interchange are directed to travel south on I-75, exit at Fruitville Road/Exit 210, enter northbound I-75, and exit at SR 70/Exit 217A (north of University Parkway/Exit 213), travel east to Lakewood Ranch Blvd., and travel south to University Parkway.

Motorists traveling west on University Parkway (east of I-75) wishing to travel west through the interchange are directed to travel north on I-75, exit at westbound SR 70/Exit 217B, enter southbound I-75, and exit at University Parkway/Exit 213, and travel west.

Motorists traveling east on University Parkway (west of I-75) wishing to travel south on I-75 are directed to travel north on I-75 and exit at westbound SR 70/Exit 217B, enter southbound I-75 and continue south on I-75.

Motorists traveling south on I-75 wishing to travel east on University Parkway are directed to exit at eastbound SR 70/Exit 217A (north of University Parkway/Exit 213), travel east to Lakewood Ranch Blvd., and travel south to University Parkway.

Motorists traveling north on I-75 wishing to travel east on University Parkway are directed to exit at eastbound SR 70/Exit 217A (north of University Parkway/Exit 213), travel east to Lakewood Ranch Blvd., and travel south to University Parkway.

Motorists traveling north on I-75 wishing to travel west on University Parkway are directed to exit at westbound SR 70/Exit 217B (north of University Parkway/Exit 213), travel west enter southbound I-75, and exit at University Parkway/Exit 213.

**Detours – Multiple Temporary Detours are in place at the I-75/University Parkway Interchange on Tuesday, July 11. Details Below:**

**Eastbound and Westbound University Parkway CLOSED East of I-75**

**I-75 Southbound Off-Ramp to Eastbound University Parkway CLOSED**

**I-75 Northbound Off-Ramp to Westbound University Parkway CLOSED**

**I-75 Northbound On-Ramp from Eastbound University Parkway CLOSED**

**I-75 Southbound On-Ramp from Westbound University Parkway CLOSED**

**Tuesday, July 11. Details below:**

The contractor anticipates implementing temporary detour routes at the I-75/University Parkway interchange at night/overnight Tuesday, July 11 between 10 p.m. and 6 a.m. while crews pave the lanes.

Motorists traveling east on University Parkway (west of I-75) wishing to travel east through the interchange are directed to travel south on I-75, exit at Fruitville Road/Exit 210, enter northbound I-75, exit at University Parkway, and travel east.

Motorists traveling east on University Parkway (west of I-75) wishing to travel north on I-75 are directed to travel south on I-75 and exit at Fruitville Road, travel east, enter northbound I-75, and continue north on I-75.

Motorists traveling west on University Parkway (east of I-75) wishing to travel west through the interchange are directed to travel north on I-75, exit at westbound SR 70/Exit 217B, enter southbound I-75, and exit at University Parkway/Exit 213, and travel west.

Motorists traveling west on University Parkway (east of I-75) wishing to travel south on I-75, are directed to travel north on I-75, exit at westbound SR 70/Exit 217B, enter southbound I-75, and continue south.

Motorists traveling north on I-75 wishing to travel west on University Parkway are directed to exit at Fruitville Road/Exit 210, (south of University Parkway/Exit 213) travel west to Cattlemen Road, and travel north on Cattlemen Road to University Parkway.

Motorists traveling south on I-75 wishing to travel east on University Parkway are directed to exit at eastbound SR 70/Exit 217A (north of University Parkway/Exit 213), travel east to Lakewood Ranch Blvd., and travel south to University Parkway.

**Detours – Multiple Temporary Detours are in place at the I-75/University Parkway Interchange on Wednesday, July 12. Details Below:**

**Eastbound and Westbound University Parkway CLOSED West of I-75**

**I-75 Northbound Off-Ramp leading to Westbound University CLOSED**

**I-75 Southbound Off-Ramp leading to Westbound University CLOSED**

**Wednesday, July 12. Details below:**

The contractor anticipates implementing temporary detour routes at the I-75/University Parkway interchange at night/overnight Wednesday, July 12 between 10 p.m. and 6 a.m. while crews install the overhead truss and pave the lanes on University Parkway.

Motorists traveling east on University Parkway (west of I-75) wishing to travel east through the interchange are directed to travel south on I-75, exit at Fruitville Road/Exit 210, enter northbound I-75, and exit at University Parkway/Exit 213 and travel east.

Motorists traveling west on University Parkway (east of I-75) wishing to travel west through the interchange are directed to travel north on I-75, exit at westbound SR 70/Exit 217B, enter southbound I-75, and exit at Fruitville Road/Exit 210, (south of University Parkway/Exit 213) travel west to Cattlemen Road, and travel north to University Parkway.

Motorists traveling north on I-75 wishing to travel west on University Parkway are directed to exit at Fruitville Road/Exit 210, (south of University Parkway/Exit 213) travel west to Cattlemen Road, and travel north on Cattlemen Road to University Parkway.

Motorists traveling south on I-75 wishing to travel east on University Parkway are directed to exit at eastbound SR 70/Exit 217A (north of University Parkway/Exit 213), travel east to Lakewood Ranch Blvd., and travel south to University Parkway.

Motorists traveling south on I-75 wishing to travel west on University Parkway are directed to exit at Fruitville Road/Exit 210 (south of University Parkway/Exit 213), travel west to Cattlemen Road, travel north on Cattlemen Road to University Parkway.

Temporary intermittent single and double lane closures are in place at night/overnight on northbound and southbound I-75 Sunday, July 9 through Saturday, July 15 between 8 p.m. and 7 a.m. the following morning. Double lane closures begin at 11 p.m. **Watch for shifts in traffic on northbound and southbound I-75 and the on and off-ramps at I-75/University Parkway Interchange.**

Temporary intermittent single and double lane closures are in place at night/overnight on eastbound and westbound University Parkway from Cooper Creek Blvd. to Market Street Sunday, July 9 through Saturday, July 15 from 9 p.m. to 7 a.m. the following morning. Double lane closures begin at 10 p.m.

The contractor is completing drainage work, excavating earth material, paving and striping, constructing sidewalk and curb & gutter, working on signalization, installing overhead truss and signage placing sod, and constructing the pedestrian median. **Watch for trucks entering and leaving the highway and uneven pavement. Speeding fines double when workers are present.**

Improvements being made as part of this project consist of constructing a diverging diamond interchange, adding an auxiliary lane on northbound and southbound I-75, constructing new bridges on I-75 over University Parkway, widening of University Parkway, widening of I-75 bridges over Errie Creek and Foley Creek, realignment of on-ramps and off-ramps at I-75/University Parkway, addition of ponds, drainage improvements, new lighting and signalization, construction of a noise wall on the west side of I-75, sidewalks, bike lanes, and pedestrian walkways. Expected completion is fall 2017. The contractor is Prince Contracting, LLC. For additional information, please visit the project website at <http://www.swflroads.com/i75/university/>

**Business US 41 from Palermo Place to Venice Avenue:** Construction project: Crews are resurfacing the roadway, constructing new sidewalk and installing new bus pads. Expect nighttime/overnight lane closures while crews are working. Estimated completion is summer 2017. Ajax Paving Industries of Florida, LLC is the contractor.

**Business US 41 at the Circus Drawbridge:** Construction project: Crews are improving mechanical equipment; painting structural steel; making spall repairs, and replacing portions of sidewalk. Traffic will shift to one bridge (one lane for each direction) while crews are working on the opposite bridge. The speed limit is reduced to 35 mph during construction. Southern Road and Bridge, LLC is the contractor. Expected completion is fall 2017.

**US 41 from SR 789 to Ritz Carlton Drive and sidewalk located along the north side of SR 789 from Sunset Drive to US 41:** Maintenance permit project: The sidewalk will remain closed until construction of the development located at the corner of US 41 and SR 789 is complete. Pedestrians should follow the established detour.

**US 41/Venice By-Pass from Gulf Coast Boulevard to Bird Bay Drive:** Construction project: Crews continue installing utility and storm drain systems and constructing temporary pavement. Expect intermittent nighttime/overnight northbound and southbound lane closures from 8 p.m. to 5:30 a.m. throughout the project limits while crews are working. Motorists should be mindful of the construction signs in place and traffic control officers and use caution while traveling through the project area. Bergeron Land Development is the contractor. Expected completion is spring 2018.

**US 41 over Myakkahatchee Creek:** Construction project: Crews are constructing new pedestrian overpasses over Myakkahatchee Creek; improving drainage; installing guardrail, and constructing new sidewalk. Expect daytime lane closures from 9 a.m. to 3:30 p.m. and nighttime/overnight lane closures from 7 p.m. to 6 a.m. while crews are working. Cone & Graham, Inc. is the contractor. Expected completion is summer 2017.

**US 41 from Browning Street to 11<sup>th</sup> Street: US 41 from Browning Street to 11<sup>th</sup> Street:** Construction project: Crews are resurfacing the roadway; installing new drainage; installing highway lighting, curb and gutter; constructing new sidewalk, and installing new signing and pavement markings. Expect nighttime/overnight lane closures on US 41; US 301; Fruitville Road, and Orange Avenue while crews are working. **Crews are constructing a new right turn-lane from northbound US 41 to Fruitville Road. Once constructed, the existing right turn-lane will be closed to traffic. Crews will then construct a pedestrian island and improve drainage. Nighttime/overnight northbound outside lane closures are also expected from 9 p.m. each night to 6 a.m. each morning while crews are working.** Preferred Materials, Inc. is the contractor. Expected completion is fall 2017.

**US 41 from Salford Boulevard to Sumter Boulevard:** Construction project: Crews are widening US 41 from Salford Boulevard to Sumter Boulevard to a six-lane highway; resurfacing the roadway; improving drainage; constructing sidewalk, and installing highway lighting. Expect nighttime/overnight lane closures from 7 p.m. to 6 a.m. when crews are resurfacing the roadway. Russell Engineering, Inc. is the contractor. Expected completion is spring 2019.

**SR 789/John Ringling Parkway at Bird Key:** Maintenance permit project: Crews are constructing sidewalk, installing landscaping and irrigation. Expect possible daytime lane closures from 9 a.m. to 4:30 p.m. through Friday, July 14. Use caution and expect possible delays.

**SR 758/Bee Ridge Road/Osprey Avenue from Siesta Drive to Dunn Drive:** Construction project: Expect intermittent lane closures, including the bi-directional turn lane, from US 41 to Shade Avenue and from Beneva Road to Bond Place as crews construct the pedestrian islands. Use caution in these areas which are closed using traffic control barrels and other devices.

Traffic is shifted to the south from Shade Avenue east to Beneva Road as crews finish installing the rest of the storm drainage in selected areas on the north side of the roadway. The north sidewalk is closed in these locations and pedestrians will be directed to the new sidewalk on the south side of Bee Ridge Road.

Continue to stay alert for other intermittent lane closures, particularly at night, as well as slow moving construction vehicles throughout the project. Motorists should plan additional travel time and exercise caution as the construction operation progresses across driveways and side streets.

The project consists of significant drainage improvements, removing old asphalt and resurfacing the roadway, reconstructing sidewalk, and installing new signalization in some areas. The project also includes construction of eleven (11) pedestrian refuge islands on Bee Ridge Road between Dunn Drive and US 41. Expected completion of the \$17 million project is fall of 2017.

**SR 72 at Proctor Road:** Maintenance permits project: Crews are constructing a turn lane and driveway. Expect daytime intermittent lane closures from 9 a.m. to 4 p.m. through Friday, July 14. Use caution and expect possible delays.
