

## SARASOTA/MANATEE MPO 2021 PROJECT PRIORITIES

<b>Funded</b>	These projects are in the current FDOT 5-year work program with at least one phase funded. Continuing and completing existing projects is the first priority of the MPO and supports the national goal of accelerating project delivery. These projects are from the 2040 Long Range Transportation Plan.
<b>Bridge Priorities</b>	MPO bridge priorities are determined by both condition and jurisdiction ranking. Bridge funding and prioritization occur at the state level using a dedicated revenue source. These priorities are intended to inform and guide the state bridge improvement process.
<b>Strategic Intermodal System (SIS)</b>	Florida's Strategic Intermodal System is a high priority network of transportation facilities important to the state's economic competitiveness.
<b>Commerce Connectors</b>	The MPO has identified the need for two new interchanges on I-75 to serve as commerce centers that will support the community's vision of a diversified economy. Because these projects have not been prioritized in the SIS plan, the MPO had elected to invest Other Road (OR) funds in the early project phases.
<b>Multi Modal Emphasis Corridor (MMEC)</b>	The Multi Modal Emphasis Corridor (MMEC) concept was developed during the 2035 LRTP as a means of redeveloping and revitalizing the US 41 corridor. With the 2045 plan, the MMEC program is expanded to include US 41, SR 64/Manatee Ave, SR 789/Gulf of Mexico Dr/Ringling Causeway, SR 684/Cortez Rd, 44 <sup>th</sup> Ave, SR 780/Fruitville Rd, SR 72/Stickney Pt/Clark Rd, and University Pkwy. These are the most congested roadways during the winter tourist season and the most important evacuation routes during the summer hurricane season.
<b>FDOT Partnership Program</b>	The MPO worked closely with FDOT to develop a new partnership opportunity so that FDOT, the MPO, counties, and cities have the potential to fund a significant number of local and state capacity projects that support growth and new development with a mix of local and state funding. FDOT allows up to 10% of FDOT non-SIS Other Roads (OR) funds to be used on local roads providing an additional \$118 million to support local priority projects.
<b>TRIP</b>	The purpose of this program is to provide funds to regionally significant projects throughout the planning area pursuant to s.339.155. TRIP projects require a 50% local match.
<b>Safety Priorities</b>	MAP-21 and the FAST Act legislation require MPOs to implement outcome-based planning beginning with five safety measures for a 5-year rolling average. States and MPOs are to: "Invest resources in projects to achieve individual targets that collectively will make progress toward national goals." Projects must address safety recommendations at high crash locations.
<b>Transform Tomorrow</b>	The most flexible funding source available to the MPO and the plan is the Transportation Management Area (TMA) program, also known as SU. The MPO can allocate this particular source of funding to any types of projects, including multi modal, transit capital, or roadways. To support the economy and the diversity of the region's counties and cities, the 2045 Long Range Transportation Plan includes a collection of local projects like complete streets and intersection improvements that say, "Welcome to our Community."
<b>Transportation Alternatives</b>	Transportation Alternatives include on- and off-road pedestrian and bicycle facilities, infrastructure projects for improving non-driver access to public transportation, and enhanced mobility, community improvement activities, and environmental mitigation.
<b>Jurisdiction Needs</b>	The MPO accepted applications for each jurisdiction's priorities throughout the region. These represent all types of projects and were ranked using the MPO adopted scoring criteria. Funding consideration will be determined by resource availability and project type. These projects are listed for illustrative purposes.

## SARASOTA/MANATEE MPO 2021 PROJECT PRIORITIES

2021 RANK	Facility (Project)	Limits	Description of improvement	Next Phase	Jurisdiction	TOTAL SCORE
<b>Bridges</b>						
1	Desoto Bridge	from 21 <sup>st</sup> Ave W to US 19	Replacement Bridge including Bus-on-Shoulder	PE	Manatee County, Palmetto	
2	Bradenton-Palmetto Connector	from 21 <sup>st</sup> Ave W to US 19	New Bridge/Capacity Alternative	PE	Manatee County, Palmetto	
3	SR 64/Manatee Ave/Anna Maria	from SR 789 to Perico Bay	New/Replacement Bridge including Bus-on-Shoulder	CST	ITPO, Manatee County	
4	SR 684/Cortez Road/Cortez	from SR 789 to 123 <sup>rd</sup> St W	New/Replacement Bridge including Bus-on-Shoulder	CST	ITPO, Longboat Key, Manatee County	
5	SR 789/Ringling/Coon Key	from Bird Key to Sarasota Harbor W	New/Replacement Bridge including Bus-on-Shoulder	PE	Longboat Key, Sarasota	
6	SR 789/Gulf of Mexico Dr/Longboat Pass	from North Shore to Coquina Beach	New/Replacement Bridge including Bus-on-Shoulder	PD&E	Longboat Key, Manatee County	
7	Myakkahatchee Creek Bridge	Price Blvd at Big Slough	Bridge including bike/ped	CST	North Port	4.45
8	Wares Creek Bridge	7 <sup>th</sup> Ave/8 <sup>th</sup> Ave from Virginia Rd to 17 <sup>th</sup> St W	Bridge including bike/ped	Study	Bradenton	3.90
9	Benderson Park Bridge	I-75 LWR Blvd to N Cattleman Rd	New Overpass including bike/ped	CST	Sarasota County	2.38
<b>Strategic Intermodal System (SIS)</b>						
1	Piney Point Rd	from 200 feet east of Reeder Rd to CSX railroad	Capacity	PE	Port Manatee
